

Show Tyme Shih Tzu Purchase Contract
Spay/Neuter agreement + 5 year Health Guarantee

The buyer agrees to have the puppy **examined by a licensed veterinarian within 48 business hours. A copy of the exam must be mailed to Show Tyme Shih Tzu**; post marked within 72 hours of the purchase. This is mandatory to start your 5 year guarantee against congenital defects. If your puppy develops a condition that dates back to the fetal stage and this condition would severely impact the quality of life (Buyer must contact Breeder before euthanasia is performed); you will receive a replacement puppy. These conditions are listed and limited to heart, kidney, and liver from the date of the puppy's birth. No other conditions are covered in this contract, except limited Parvo/Distemper guarantee detailed below.

If puppy expires an autopsy must be performed (at Buyer's expense) and buyer must provide to Show Tyme Shih Tzu all written findings stating the defect and cause of death from a certified Vet within 72 hours of autopsy. Show Tyme Shih Tzu will send it to our vet for review and satisfaction of the findings. Buyer's Vet to be available for phone consult with Breeder and/or Show Tyme's Vet. No puppy will be replaced that fails to have the proper veterinary care.

No money refunded ever for any reason, only replacement of puppy for covered congenital defects that diminish quality of life. Show Tyme Shih Tzu will issue a new puppy to you, the first available of the same value per Breeder's sole discretion, as soon as possible. Show Tyme Shih Tzu will pay for ½ the shipping of new replacement puppy if puppy is to be shipped. We understand that it is difficult for most people to return their little babies after having spent time with them; therefore we do not expect you to return the puppy to get a replacement puppy.

Show Tyme will not be responsible for ailments resulting from or intensified due to obesity, second hand smoke, malnutrition, dehydration, starvation or lack of proper vet care. Puppy replacement guarantee will absolutely be terminated if the puppy was abused, or used for breeding purposes. If Seller determines by any means that the puppy/dog is not being suitably cared for or that it has been mentally or physically mistreated, Breeder has the legal right to immediately take

possession of the dog and its properly signed AKC transfer papers/registration, without compensation. The Breeder's professional opinion is the only authority required to justify this action. Testimony of others will not supersede Breeder's judgment on this matter. Under such circumstances, all warranties are VOID.

Show Tyme Shih Tzu does not guarantee hypoglycemia (this is up to the new owner to prevent). As a toy dog owner, Buyer will want to know the symptoms of hypoglycemia. Hypoglycemia is often seen in young toy puppies and most of the time the symptoms can be controlled by eating or giving some glucose such as Nutri-Cal (available from your Vet, Pet Smart, Pet Co and specialty pet stores) or white Karo syrup to the puppy. Glucose is what the body uses as fuel and is necessary for the brain tissue and muscles to function. It can cause your puppy to become confused, disoriented, drowsy, have the shivers, stagger about, collapse, fall into a coma, or have seizures. Episodes of hypoglycemia often occur without warning. A puppy may be stressed by shipping, or a missed meal, being chilled, or even exhaustion from playing too much. Because of their tiny size, toy puppies can not eat a lot at one time and run out of fuel quickly. Puppies should be fed several times a day a high quality diet. Most puppies will outgrow the problem. Some very tiny dogs will continue to have bouts of hypoglycemia throughout their life. If your puppy experiences episodes of hypoglycemia it is important to restore the blood levels of glucose as quickly as possible.

Show Tyme Shih Tzu is NOT responsible for hypoglycemia.

Hernias (umbilical & inguinal); and pinched nostrils are not life threatening problems and are common in small (toy) breeds. These items are not covered in this guarantee. Hernias can be easily & affordably closed when your puppy gets spayed or neutered. Pinched nostrils are usually outgrown. *Do not allow surgery to be performed on nostrils before contacting Breeder for advice.*

We guarantee parvovirus and distemper ONLY if we are contacted within 3 days because the puppy can get the disease after it departs our home. Seller may extend to cover a 7-13 day period of time, solely at Seller's discretion. Diagnosis and lab results must be provided immediately to Show Tyme Shih Tzu. Buyer will be provided a replacement puppy if puppy does not survive proper medical treatment (autopsy required) or Buyer opts to return puppy within 7 days of diagnosis.

Coccidia, Giardia, misc. parasites & any other intestinal or minor illnesses should not be life threatening with prompt & proper medical care and are not covered in this guarantee. Ear mites & yeast are not covered items. It is unlikely puppy will have ear mites or yeast in ears, and both are easy to treat if found. Breeder takes every precaution to prevent these issues. Coccidia can develop quickly due to puppy stress during shipment/travel (*almost can guarantee Coccidia if shipped by plane due to stress; very manageable with Vet care and diligence in treating at home per Vet instruction*), changing environments, etc.

*Buyer to weigh puppy every day to the ounce or gram for the first two weeks and consult Breeder & Vet if puppy loses weight.

At first sign of diarrhea or vomiting, Buyer must seek immediate (meaning in Vet's hands within 2 hours) Veterinary attention! Your puppy should NOT vomit ever...seek emergency treatment! Every case of diarrhea must be diagnosed & treated as well. Do not wait!!!

Tip: Normal poop should be “tootsie roll” solid. Often, you can just run in a sample of a looser stool, using a Zip lock type baggie or any small clean container, to your Vet's office for a quick fecal check to determine if a medication is needed. This can speed things up for you and get meds quicker than getting an appointment for your dog (especially important at the end of business day or before the weekend...or if Vet can't fit your dog into the schedule for a day or two. Only do this with Vet's permission, and if the dog seems to be feeling well, and is absolutely up to date on Vet checks & preventative care. The goal is to have consistent solid poops...and when they aren't solid, find out why quickly and start treatment for the comfort & safety of your dog.

Buyer agrees to allow new puppy plenty of rest & not to expose puppy to public places until after all puppy shots, & Buyer's Vet check, including all fecal testing, is completed. Parvo & Distemper and other serious diseases are easy to catch. Avoid taking your pet to park settings, pet stores, etc. until Vet authorizes these activities & instructs Buyer in proper exposure to public places (preferably after 16 weeks of age!). **Buyer further agrees to supervise puppy at all times to protect from falls, attacks by other animals (even through fences), and improper handling by children.**

Show Tyme Shih Tzu is not responsible for any vet or medical bills that are incurred by the said puppy from the date the said puppy leaves with its new owner. It is the sole responsibility of the new puppy owner to treat the puppy for all and any medical conditions that arise from the date the said puppy is in the care of the new owner and thereafter.

Show Tyme Shih Tzu does not guarantee size, color and temperament. Nor do we guarantee fitness for breeding. Weight is only an estimate. Prices are according more to quality than to size. Prices can vary according to the more rare colors and champion pedigrees.

All puppies MUST remain on a regular vet's schedule, including fecal testing, to be determined by the vet and up to date on shots & worming preventatives at all times. Proof of a regular high quality diet is required. Buyer to keep a log and receipts demonstrating Buyer's diligence in providing a well thought out diet.

Spay/Neuter Agreement:

If puppy is purchased as a pet Buyer agrees to neuter or spay the puppy by no later than puppy's sixth month. Buyer to provide Show Tyme Shih Tzu with a copy of the certificate of Spay / Neuter from a certified vet before the puppy reaches 7 months of age. **If Buyer fails to Spay/Neuter this puppy and fails to provide proof to Show Tyme Shih Tzu by the time the puppy is 7 months of age, rights and ownership of the puppy will automatically be terminated and puppy will go back to Show Tyme Shih Tzu. Show Tyme may immediately assume possession of the puppy with no refund to the buyer. Buyer will be responsible for any and all fees incurred (attorney, court costs, filing, travel, shipping cost for puppy, etc.) in the safe recovery of returning the puppy to Show Tyme Shih Tzu.**

Registration papers- **AKC limited registration** papers, if desired & offered as part of your purchase will be released AFTER proof of spay or neuter is received. Buyer must request papers in conjunction with delivery of paperwork above within the 7 month timeframe. Puppies sold on limited registration may not be bred or shown in AKC conformation shows.

Certified Pet Registration papers may be given immediately when you receive your puppy at Buyer request.

Buyer agrees that said dog will live inside the Buyer's home and will not be housed outside or in a garage type setting for any length of time. Buyer agrees said dog will be socialized and treated as one of the family. (Buyer is requested to send a family photo of puppy with family members within 60 days of leaving Breeder's home, and ongoing photos and updates are greatly appreciated!)

Once said dog has left the home of Show Tyme Shih Tzu, Show Tyme Shih Tzu is not responsible for any infection, allergies, illness or behavioral problems that may occur. This guarantee is against life threatening congenital defects limited to heart, liver, kidney, and lungs.

This guarantee is NOT transferable; applies to original Buyer only and does not transfer if puppy is resold or given away to live anywhere other than Buyer's full time Residence.

The buyer agrees that the puppy will never be placed in a shelter, rescue, or sold to a broker, pet shop, or puppy mill. If the buyer is unable to keep the puppy, the buyer is required to contact Show Tyme Shih Tzu before ever placing the puppy.

Breeder reserves the right of first refusal, should Buyer choose to place said puppy.

Buyer agrees that acceptance of credit cards is for the convenience of Buyer and that NO CHARGE BACKS will be filed through credit card companies, banks, or Pay Pal on this transaction for ANY reason.

No other warranties or guarantees, expressed or implied, are made under this contract.

Note: Due to the possibility of unforeseen circumstances, Replacement guarantee will be considered null & void if Breeder is no longer breeding during the Buyer's 5 year period.

ANY Disputes regarding this purchase will be litigated in Breeder's County & State of residence at Buyer's expense.

I (Buyer's Name): _____ have read and understand all the terms above stated in this contract.
